Datt Patel

Developer|Coder|Cybersecurity Enthusiast

PROJECTS

Placement Management System | [Currently working]
Developing College Placement Automation Website

Bug-Bot Project | [Third Semester]
Developed a robotic project where I engineered a sensor-equipped bot capable of autonomously identifying escape routes, showcasing problem-solving and robotics skills.

Automated Water Tank | [First Sem]
This project done by me and my team under ICT-Workshop as college project

EXPERIENCE

Fact App Intern | [Second Sem]

Provided peer tutoring, enhancing communication and leadership skills, while effectively managing time between internship and academic commitments.
